History was made 90 years ago

On the 9th of December 1919, a group of distinguished Sri Lankan patriots belonging to diverse backgrounds, races and religions came together to form the Ceylon National Congress.

They were citizens of integrity, united in sharing a single vision for our people and society. The goal of this movement was to obtain independence for our nation. Ninety years later, as we enter

another critical phase in our nation's history, let us humbly rededicate ourselves to reviving the vision, spirit and values of the founding fathers of the Ceylon National Congress.

Let us realize our dreams through dedication

Sri Lanka National Congress
